Cloud**Reporting**

RedSail ADVANTAGE

CENTRALIZE YOUR
PHARMACY REPORTING

What is Cloud Reporting?

Cloud Reporting is RedSail Technologies' powerful platform designed to enhance data visibility and reporting capabilities across single and multi-location pharmacies. Cloud Reporting provides a centralized, browser-based solution for remote reporting.

Cross-Location Insights
Aggregate, report on, and export data across all pharmacy locations

Cloud-Powered Performance
Enjoy faster, scalable reporting with fully cloud-hosted infrastructure

Data Access Anywhere
View and analyze your pharmacy's data securely from the web portal

Secure Access
Maintain full control with secure, role-based access for authorized users
