Medical Billing

Maximize Profits from Clinical Services

TransactRx®, a RedSail company, helps pharmacies capture all the reimbursements owed from immunizations and clinical services. Pharmacies get their claims submitted, payments posted, and outstanding issues resolved. RedSail Medical Billing helps prevent underbilling, improper coding, and missing information.

Pharmacy Benefits

$ Payment rate near 100% for immunizations

✓ Patient eligibility check in real time with follow-up information (if available from payer)

↻ Real-time edits to minimize delayed or denied claims

Capture All Revenue

Influenza and pneumonia vaccines, COVID vaccines, point-of-care (POC) testing, COVID test kits, glucose monitors and supplies, nebulizer medications and supplies, therapeutic shoes for diabetics, surgical dressings, other DME products, Part B covered drugs, medication therapy management (MTM) – any contracted service in line with applicable state laws.

Additional Benefits

- **NCPDP® S1 transaction set expert:** Submits X12 837 claims to medical payers by submitting standard pharmacy claims from pharmacy system to the switch.

- NDC codes translated to appropriate CPT or HCPC codes (CPT required if service does not have NDC).

- **Easy posting of 835 files in pharmacy billing system:** 835 files referencing medical claim identifiers converted to 835 files referencing Rx numbers.
